FAST COMBINED TRANSPORTATION (LCL, FCL) FROM CHINA TO EUROPE FOR REASONABLE PRICE

Is the sea freight from China too slow for you? Is the price for air freight too high for you? We can offer to you the solution for transportation of your shipment from China to Europe with our cargo collect service (LCL) or full container load (FCL) transportation in 24 days for a very good price.

The new transport service uses **combined transportation of rail / road transport**. Every Monday, Wednesday and Friday the cargo is collected in the railway depot in Chengdu and then the inbound customs are made, cargo is loaded to containers and after the outbound customs the train departs. Then, in 21 days the cargo is delivered to Prague or Ostrava from where our trucks bring your shipment to you.

Departure station	Cargo delivery, Inbound customs	Container loading	Outbound customs	Train departure	Transit to Europe
Chengdu	Monday 12:00	Monday	Tuesday	Thursday	21 days
Chengdu	Wednesday, 12:00	Wednesday	Thursday	Saturday	21 days
Chengdu	Thursday, 12:00	Thursday	Friday	Tuesday	21 days

Combined transportation can **shorten transit time** significantly, comparing to sea freight and **lower the price**, comparing to air freight while there are **no limits for the quantity** you need to transport from China to Czech Republic. We can help you to **cut the delivery time of the shipments** to your customers and respond their needs much more flexible.
